

AccessApps Flash Drive Order Form

\$ 22.00
(GST Inclusive)

AccessApps Suite is a collection of free software which has been compiled to assist students with their learning. These e-learning tools are portable versions of the software and are therefore accessed and operated directly from a USB flash drive. This portability allows students to utilize the AccessApps Suite of tools anywhere and anytime without the need to install software.

The suite of over 40 e-learning solutions supports students with planning and organization, reading and writing. There are also a range of accessibility tools to support students with sensory, cognitive and physical difficulties.
