Making Learning Accessible using the iPad

Presented By
Candice Fiegert

Date: 14 Apr 2015
Time: 10:00 - 11:00
Places limited to: 20
Cost: $22.00

This workshop will provide an introduction to the range of assistive technology apps that are available to support curriculum implementation for students with special educational needs. Participants will explore the accessibility features built in to the latest version of the iPad's operating system and how students can use these supports to access the curriculum. iPads provided. (All year levels)
