

textHELP

Read & Write  
VERSION 9 GOLD

# LITERACY SUPPORT WITH READ AND WRITE GOLD

*TextHELP Read and Write Gold is a suite of literacy support tools that can be used to assist with reading and composing text. It also offers support for study and research.*

*The program 'floats' on the screen and supports the use of any software application the student is using.*

*Read and Write Gold is suited to students in upper primary and secondary settings.*

*Participants will explore the various assistive tools including the program's ability to convert text to an audio file and how it scans and creates electronic text from a range of sources.*
